

Internal Audit School

October 3-5, 2022

Virtual Event (or In-Person in San Antonio, TX*)

In partnership with:
Texas Bankers Association
and Review Alliance Inc.

About the Program

This comprehensive three-day school teaches the basics as well as more complex aspects of the audit function.

This three-day course will discuss the establishment and execution of an effective and efficient internal audit program. Attendees will learn the objectives of internal audit and helpful techniques to reach those objectives. Internal audit should be a value-added function and not just a “check the box” cost center. This course will teach attendees how to create and maintain a value-added internal audit function.

Who should attend?

This school is designed for new to intermediate level internal auditors. It is also an excellent refresher for experienced personnel to keep them abreast of current techniques and procedures.
